Goals:
For Sprint 1, we want to be able to create a web scraper to grab General Education (GE)/major requirements so that students can plan their schedule. We also want to let students enter their courses to track their progress.

User Stories:
1. As a student, I want to be able to see my major requirements so I can plan accordingly.
   Tasks: (3.5 hrs)
   a. Create a page to display the major requirements (3 hrs)
   b. Grab all the pdf links for School of Engineering (SOE) major requirements (0.5 hrs)
2. As a student, I want to be able to see my GE requirements so I can plan accordingly.
   Tasks: (3 hrs)
   c. Create a page to display the GE requirements (3 hrs)
3. As a student, I want to be able to save my data so I can track my progress.
   Tasks: (1 hrs)
   d. Allow users to save the data with their account (1 hr)
4. As a student, I want to be able to search the requirements page to easily plan my classes.
   Tasks: (10 hrs)
   e. Add search functions to GE requirements page (5 hrs)
   f. Add search functions to major requirements page (5 hrs)
5. As a student I want to be able to log my classes to track my progress.
   Tasks: (1 hr)
